

IN THE SPECIFICATION:

Please replace the sequence listing on file with the enclosed "Sequence Listing," which is a re-submission of the Sequence Listing that was submitted to the United States Patent and Trademark Office by Applicants on June 14, 2001.

REMARKS

In the Examiner's communication that was mailed on August 29th, the Examiner indicated that no computer readable form sequence listing was found in Applicants' response filed in June of 2001, despite the response's having indicated that it was submitted. Applicants believe that a computer readable form sequence listing was included in their June response, but that at some point it became separated from the papers that were submitted at that time.

Applicants hereby resubmit a copy of the Sequence Listing in computer readable form on a 3.5 inch diskette. For the Examiner's convenience, the paper copy of the sequence listing that was submitted on June 14, 2001 is being resubmitted herewith. The paper copy of the Sequence Listing and the computer readable copy of the Sequence Listing are identical and meet the requirements of 37 C.F.R. §§ 1.821 – 1.825.

No fee is believed to be due with respect to the filing of this communication. If any additional fees are due, please charge our Deposit Account No. 11-0171 for such sum.
